Subject Good news

Dear Dr. Rotberg,

I just heard from Dr. Kim that I was accepted to Higher Ed program at VA campus. I'm happy to hear about the good news and want to let you know. I really appreciate that you always support me, which is one of major reasons why I'm comfortable with pursuing my goal at the GWU. When I had a really hard time with many things last year in the US and even felt I should go back home after MA, you encouraged me a lot. And I'm now still here. Un ultimate goal in my life is to become a considerate and wonderful woman like you.

Thank you so much!!

Sincerely,
Ayaka
