Dear Dr. Rotberg,

I would like to sincerely thank you for serving on my dissertation defense committee. It was a pleasure to have the opportunity to see you again, and to discuss my dissertation with you. I am so glad that you were available, and able to serve on the committee.

Having been one of your former students was indeed a rewarding experience. The material covered in your classes helped to provided a transition to the dissertation process. Your great personality and pleasant demeanor have most certainly made you one of my most memorable professors.

Thank you again, Dr. Rotberg, for all of your assistance. I most definitely hope that we will have the opportunity to meet again in the future!

Sincerely,

Pat Anderson
